Mémoire sur l'éducation classique des jeunes médecins; considérée sous le seul point de vue de la haute littérature et pratique médicale, pour servir de complément aux précédents mémoires: I. Sur la naissance des sectes dans les divers âges de la médecine. II. Sur l'enseignement médical dans ses rapports avec la chimie, ou éloge de la doctrine d'Hippocrate, in-8°, Paris, 1819. 1 p. l., 63 pp. 8°. Paris, Casson, 1827.

Mémoire sur l'emploi des dragées et pastilles de lactate de fer de Gélis et Conté, approuvées par l'Académie royale de médecine de Paris. 16 pp. 8°. Paris, Lablache, [1849].

Mémoire sur l'empoisonnement par l'arsenic. 44 pp. 8°. Paris, Pagnerre, 1842.

Mémoire (À la) de Floribert-Joseph-Dominique Sonpart. 42 pp. 8°. Gand, A. Siffer, 1902.

Mémoire sur la génération des animaux à bourse, pour servir de supplément à l'instruction rédigée par les professeurs du Musée d'histoire naturelle, administrateurs du Jardin du Roi, et destinée aux voyageurs naturalistes. 8°. Paris, J. Tastu, 1824.

Mémoire pour Louis Charbonnière, écuyer, cidevant premier huissier du parlement d'Aix en Provence, contre le Sieur Astruc, médecin. 48 pp. 4°. [Paris, P.-G. Simon, 1743.]

Mémoire de Messieurs [etc.]. See **Semen** (V.)

Mémoire [etc.].

Mémoire sur la nécessité de maintenir l'extraction du salpêtre indigène, et sur les moyens de la concilier avec l'importation de celui qui est de l'Inde. 48 pp. 8°. Paris, L.-E. Herhan, 1833. [P., v. 1745.]

Mémoire sur la pleuro-pneumonie contagieuse parmi les bestiaux dans les Pays-Bas. 14 pp. 8°. [La Haye, imp. de l'État, 1886, rel subseq.]

Mémoire présenté à sa majesté l'Empereur par les fabricants de vinaigre, les négociants en vins et les propriétaires de vignobles du département de la Loire-Inférieure, à l'occasion de l'introduction dans le commerce et dans la consommation, de produits acétiques et d'acides divers, sous le titre de vinaigre. 31 pp. 4°. *Nantes, l'e. C. Mellinet, 1860.* [P., v. 1725.]

Mémoire relatif au procès correctionnel intenté contre les marchands et débiteurs de vin de la ville de Bastia. 71 pp. 8°. *Bastia, imp. Fabiani, [1856].* [P., v. 1814.]

Mémoire sur les remèdes autorisés par le gouvernement. [En défense du rob de Laffecteur.] 16 pp. 8°. [*Paris, Plon frères, 1853.*] [P., v. 1743.]

Mémoire au roy pour les conseillers et médecins de sa majesté. *See Combalusier* (François de Paule).

Mémoire pour servir à l'histoire de la vie et des ouvrages de M. Charles Bonnet. *See Tremblay* (Jean).

Mémoire pour le sieur François la Peyronie, premier chirurgien du roy, médecin consultant et de quartier de S. M. et chef de la chirurgie du royaume, et les prévôts et collèges des maîtres en chirurgie de Paris, contre les doyens et docteurs-régens de la Faculté de médecine de Paris, et contre l'Université de Paris. 264 pp., 1 l. 4°. *Paris, C. Osmont, 1746.* [P., v. 1406; 2128.]

Mémoires pour les chirurgiens. 42 pp. 4°. [*Paris, Chaubert, 1736.*] [P., v. 2128.]

CONTENTS.

1. Mémoire, où l'on fait voir en quoi peut consister la prééminence de la médecine sur la chirurgie. 3-16.

2. Mémoire pour les chirurgiens, où l'on résout le problème proposé par la Faculté de médecine, savoir: Si c'est aux médecins qu'il appartient de traiter les maladies vénériennes, et si la sûreté publique exige que ce soient les médecins qu'on charge de la cure de ces maladies. 17-34.

Observations sur les écrits modernes. Lettre LXV. Réfutation de la thèse de M. Malonet, docteur en médecine, par un chirurgien. 35-42.

Mémoires littéraires, contenant des réflexions sur l'origine des nations, tirées de leur langage; plusieurs dissertations sur la pierre philosophale, sur la nature et les propriétés des différentes eaux, et fontaines brûlantes, etc., avec des remarques critiques et physiques sur l'histoire naturelle, sur la médecine et la géographie, et les moyens de multiplier le bled et d'améliorer les terres. Traduits de l'Anglois [par Eidous]. viii, 370 pp., 2 l. 16°. *Paris, A. Cailhau, 1750.*

Mémoires d'ophtalmétrie. Annotés et précédés d'une introduction par E. Javal. xlviii, 627 pp. 8°. *Paris, G. Masson, 1890.*

Memoirs for a natural history of animals, being the anatomical descriptions of several animals dissected by the Royal Academy at Paris. Englished by A. P. 7 p. l., 267 pp., 6 l., 30 pl. roy. 8°. [n. p.], 1687.

Memoirs for a natural history [etc.]—cont'd.

The same. *Memoirs* for a natural history of animals, containing the anatomical description of several creatures dissected by the Royal Academy of Sciences, at Paris. Wherein the construction, fabrick, and genuine use of the parts are exactly and finely delineated in copper plates, and the whole enriched with many curious physical and no less usefull anatomical remarks, being one of the most considerable productions of that academy. Done into English by a fellow of the R. S. To which is added an account of the measure of a degree of a great circle of the earth, publish'd by the members of the same academy. English'd by R. W. S. R. S. With an alphabetical table of the names of the several animals mention'd in this volume; and likewise an alphabetical index to make the work compleat. Publish'd by an order of the council of the Royal Society. 6 p. l., 267 pp., 6 l., 29 pl.: 40 pp., 5 pl. roy. 8°. *London, J. Clarke, 1701.*

Memorabilien. v. 33-44, 1888-1903. 8°. *Heilbronn.*
